Transactions	1	200	0	0.50	0.00
Total service charges					\$0.00

IMPORTANT ACCOUNT INFORMATION

Reminder about effect of pending debit card transactions on your account

For each debit card transaction, we place an authorization hold and track the "pending" transaction until the merchant sends the final payment instruction to the bank. We receive final payment instructions for most transactions within one to two business days, but we generally must release the authorization hold after three business days. While pending, these transactions reduce your available balance. If transactions are presented for payment when your account has an insufficient available balance, you may be charged overdraft and/or insufficient fund (NSF) fees on those transactions. The bank will assess no more than eight (8) \$35 overdraft and/or NSF fees per day.

Important information about legal process fees.

The fee for legal order processing, which includes handling levies, writs, garnishments, and any other legal documents that require funds to be attached, remains \$125. However, effective 2/16/18, the bank will assess no more than two legal process fees per account, per calendar month. Please note, the calendar month may not coincide with your statement cycle.

Using Combined Balances to Avoid Monthly Service Fees

We want to share some important information with you about avoiding monthly service fees using combined balances. A checking account with a combined balance option to avoid a monthly service fee cannot be linked to another checking account with a combined balance option. Any other accounts linked to a checking account with a combined balance option to avoid a monthly service fee cannot simultaneously be linked to another checking account with a combined balance option.

For questions or clarification, please call the phone bank number at the top of your statement. We appreciate your business.

 **IMPORTANT ACCOUNT INFORMATION**

The following addendum to the "Rights and responsibilities" section of the Business Account Agreement is effective April 30, 2018:

What happens upon the death or incompetence of a business owner?

Sole Proprietors Only:

We may accept and comply with court orders and legal documents, and take direction from affiants or court appointed personal representatives, guardians, or conservators from your state of residence, even if different than where your account was opened except as otherwise required by applicable law or court order. We may require additional documentation be provided to us before complying with the directions given by affiants or court appointed personal representatives, guardians, or conservators. We reserve the right to require U.S. court documents for customers who reside outside of the U.S. at time of incompetence or death.

For Non-Sole Proprietors:

Upon notification to the bank of the death or incompetence of a business owner, the business entity will provide documentation evidencing any change in the ownership or control of the entity following applicable legal formalities.

As of June 15, 2018, linked credit accounts that are now closed will no longer count toward your eligible combined balances to avoid the monthly service fee for this account.

 **IMPORTANT ACCOUNT INFORMATION**

Reminder about effect of pending debit card transactions on your account

For each debit card transaction, we place an authorization hold on the "pending" transaction until the merchant sends the final payment instruction to the bank. We receive final payment instructions for most transactions within one to two business days, but we generally must release the authorization hold after three business days. If a merchant does not send the final payment instruction within that timeframe, we must honor the transaction when the final payment instruction is received. While the authorization hold is in effect, these transactions reduce your available balance. The transaction will be paid when we receive it for payment. If transactions are presented for payment when your account has an insufficient available balance, you may be charged overdraft and/or insufficient fund (NSF) fees on those transactions. The bank will assess no more than eight (8) \$35 overdraft and/or NSF fees per day.

Just a reminder that your \$10 discount off of your first order of Business Checks/Accessories through Wells Fargo on your Wells Fargo Business Choice Checking account will expire on August 31, 2018. If you have not taken advantage of this offer please do so today by going to wellsfargo.com/checks to place your order.

Overdraft Protection

IMPORTANT ACCOUNT INFORMATION

In the "Available balance, posting order, and overdrafts" section of the Deposit Account Agreement under the question "How do we process (post) transactions to your account?", we are replacing the paragraph beginning with "Your available balance will be reduced by pending withdrawals" to include a new fee waiver, as follows:

Your available balance will be reduced by pending withdrawals, such as debit card transactions we have authorized and must pay when they are sent to us for payment. If your account has insufficient funds as reflected by your available balance, the bank may assess overdraft and/or non-sufficient funds (NSF) fees on transactions we pay or return during nightly processing. A pending transaction will typically remain pending until we receive it for payment from your account, but we must release the pending transaction hold after three business days for most transactions. These pending transactions may be sent to us for payment after they have dropped from your account, but we must pay them when we receive them for payment.

In some circumstances, previously-authorized transactions may be paid into overdraft if other transactions or fees have reduced your balance before the pending transactions are sent to us for payment. To minimize the number of overdraft fees in these circumstances, we track transactions that reduced your available balance while pending and caused overdraft fees on other transactions. If these transactions are presented for payment within 10 business days after they first appeared as pending, we will waive any overdraft fees on those transactions. In rare circumstances, the merchant presents transactions for payment with a different identification code than

was used when the transaction was sent for authorization and we are unable to match them. In those cases, you may be charged an overdraft fee if the transaction is paid into overdraft.

In addition, in the "Available balance, posting order, and overdrafts" section of the Deposit Account Agreement under the heading "IMPORTANT INFORMATION ABOUT FEES," we added the following:

We track transactions that reduced your available balance while pending and caused overdraft fees on other transactions. If these transactions are presented for payment within 10 business days after they first appeared as pending, we will waive any overdraft fees on those transactions. In rare circumstances, the merchant presents transactions for payment with a different identification code than was used when the transaction was sent for authorization and we are unable to match them.

IMPORTANT ACCOUNT INFORMATION

Effective November 10, 2018, the sentence "Certain electronic credit transfers, such as those through card networks or funds transfer systems, will be available on the first business day after the day we receive the transfer" in the first paragraph of the "Your ability to withdraw funds" section under the "Funds availability policy" in the Deposit Account Agreement will be replaced with "Certain electronic credit transfers, such as those through card networks or funds transfer systems, will be available on the day we receive the transfer."

A reminder...

You can request to close your account at any time if the account is in good standing (e.g. does not have a negative balance or restrictions such as holds on funds, legal order holds or court blocks on the account). At the time of your request, we will assist you in withdrawing or transferring any remaining funds, bringing your account balance to zero.

- All outstanding items need to be processed and posted to your account before your request to close otherwise they will be returned unpaid.

- Any recurring payments or withdrawals from your account need to be cancelled before your request to close (examples include bill payments, automated debit card payments, and direct deposits) otherwise, they may be returned unpaid.

- We will not be liable for any loss or damage that may result from not honoring items that are presented or received after your account is closed.

- At the time of your request to close:

-- For interest-earning accounts, it stops earning interest from the date you request to close your account.

-- Overdraft Protection and/or Debit Card Overdraft Service will be removed on the date you request to close your account.

-- The Agreement continues to apply.

- If you have requested to close your account and a positive balance remains, we may send you a check for the remaining balance.

- All other aspects of the Agreement remain the same. If there is a conflict between the updated language above and the Agreement, the updated language will control.

Thank you for being a Wells Fargo customer. As a valued Wells Fargo customer, we hope you find this information helpful. If you have questions or concerns, please contact your local banker or call the number listed on your statement.

 **IMPORTANT ACCOUNT INFORMATION**

On January 7, 2019, we will add the capability to receive real-time payments through the RTP[®] system ("RTP System"). The agreement governing your deposit account in the "Funds transfer services" section of the Deposit Account Agreement is amended to include the following provisions relating to your receipt of RTP payments.

Receiving RTP Payments

The following additional terms apply to any real-time payments we receive for credit to your account through the RTP System. The terms "sender," "receiver," "sending bank," and "request for return of funds" are used here as defined in the system rules governing RTP payments ("RTP Rules"). In addition to the RTP Rules, RTP payments will be governed by the laws of the state of New York, including New York's version of Article 4A of the Uniform Commercial Code, as applicable, without regard to its conflict of laws principles.

- The RTP System may be used only for eligible payments between a sender and receiver whose accounts are located in the United States. RTP payments that are permitted under the RTP Rules and our requirements are considered eligible payments for purposes of this Agreement.
- RTP payments are final and cannot be cancelled or amended by the sender. If you do not wish to accept an RTP payment received for credit to your account, you may request that we return such payment to the sender. We may, at our sole discretion, attempt to honor such request but will have no liability for our failure to do so.
- RTP payments are typically completed within thirty (30) seconds of transmission of the RTP payment by the sender, unless the RTP payment fails or is delayed due to a review by us or the sending bank, such as for fraud, regulatory, or compliance purposes. Transaction limits imposed by the RTP System or sending bank may also prevent RTP payments from being sent to your account.

We are under no obligation to honor, in whole or in part, any payment order or other instruction that could result in our contravention of applicable law, including, without limitation, requirements of the U.S. Department of the Treasury's Office of Foreign Assets Control ("OFAC") and the Financial Crimes Enforcement Network ("FinCEN").

We are adding the following clarification in the section of the Deposit Account Agreement titled "Rights and Responsibilities" under the subsection "When can we close your account?":

Important information for Consumer and non-analyzed Business accounts with a zero balance: An account with a zero-balance may be subject to automatic closure on the fee period ending date, depending on when the last qualifying transaction posted to your account.

- In order to prevent automatic closure, an account with a zero-balance must have a qualifying, non-automatic transaction posted within the last two months of the most recent fee period ending date. IOLTA and RETA accounts require a qualifying transaction within ten months of the most recent fee period ending date.
- Examples of qualifying transactions are deposits or withdrawals made at a banking location, ATM, or via telephone, mobile deposits, one-time transfers made at a banking location, ATM, online, mobile, or via telephone, or checks paid from the account.
- Automatic or electronic deposits, such as payroll, and automatic or electronic payments, including bill pay, recurring transfers, and any bank-originated transactions, like monthly service or other fees, are not considered qualifying transactions for the purpose of preventing closure of an account with a zero-balance.
